Mr. A. H. Thompson,

West Groton, Mass.

Dear Sir:

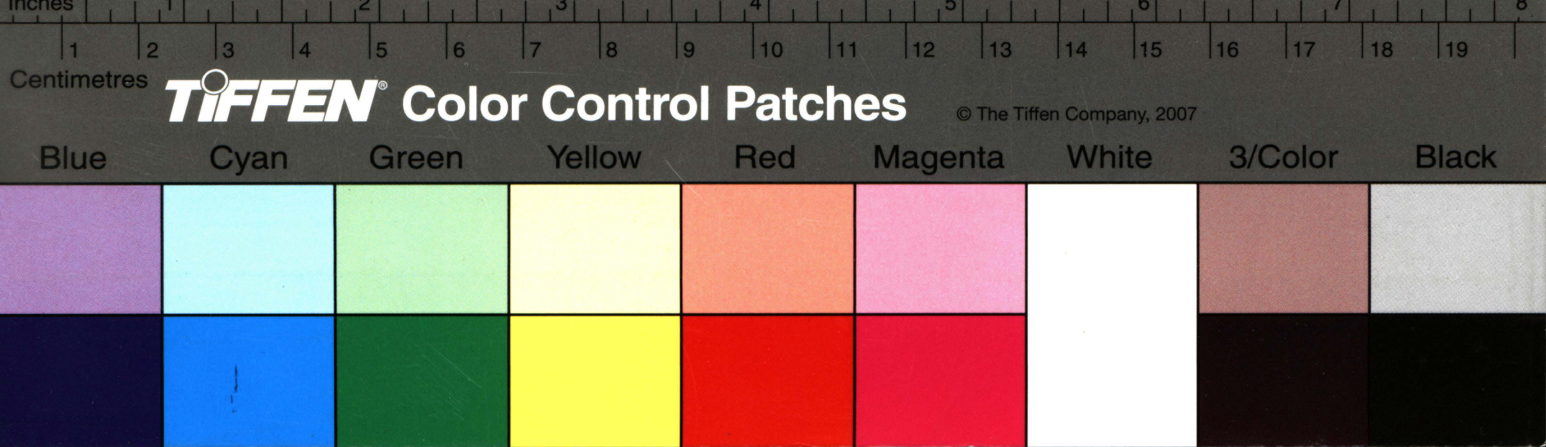

Your favor of July 18th is received enclosing check for
\$50.00, in payment of your order, for which please accept thanks.
The order will be shipped promptly.

With reference to the pump, would say that you already have
the best pump there is for fuel, namely; the Nash Pump. If it is
not working as it should you had better send it to us and have it
fixed up before you use it for our burner.

Very truly yours,

MELROSE AUTOMOBILE COMPANY.

Frank Miller

Mr. A. H. Thompson,

West Groton, Mass.

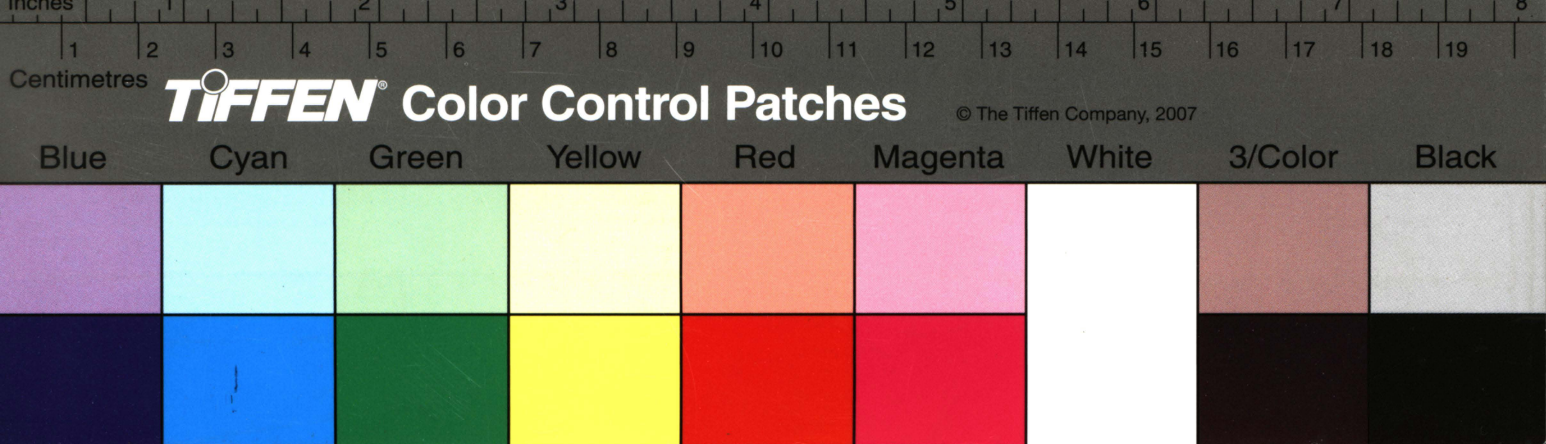

Dear Sir:-

Your card received, and in reply would say that at the last moment we discovered that we had no special pilot light tank of the proper size for your car to go with your shipment, and getting this made has delayed us somewhat. We will ship in a day or two, and regret that the mistake was not discovered earlier.

Yours, very truly,

MELROSE AUTOMOBILE CO.

Mr. A. H. Thompson,

West Groton, Mass.

Dear Sir:-

In response to yours 17th. inst., would say that if you will send us the lighter referred to we will put it in order if it is not already so, and return it to you.

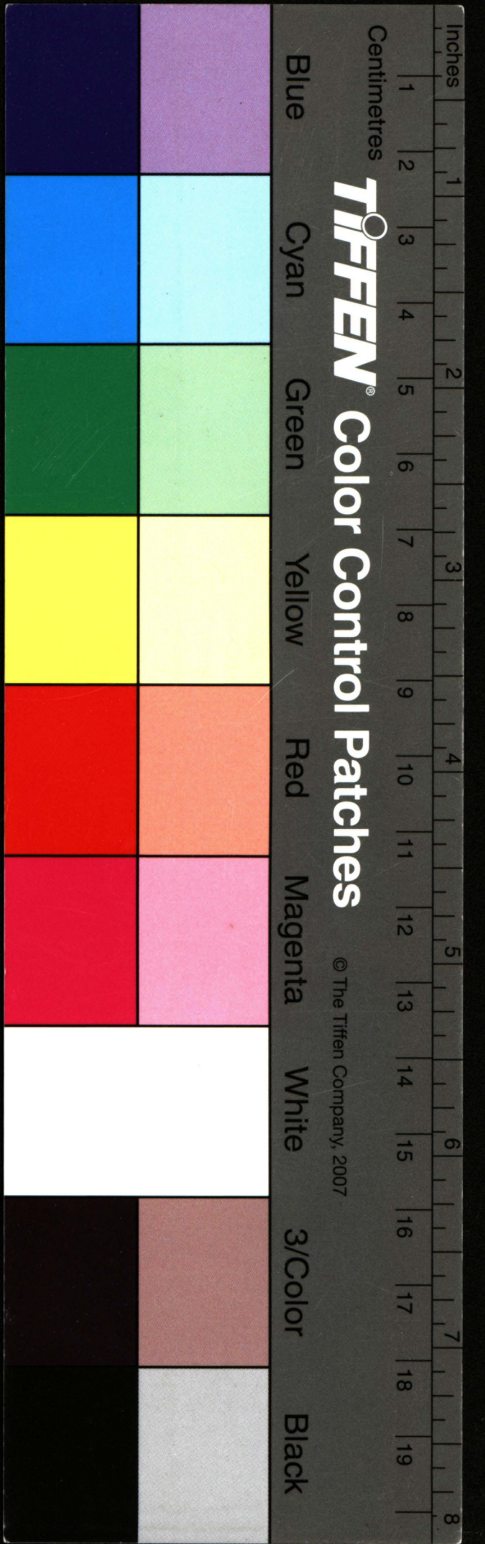

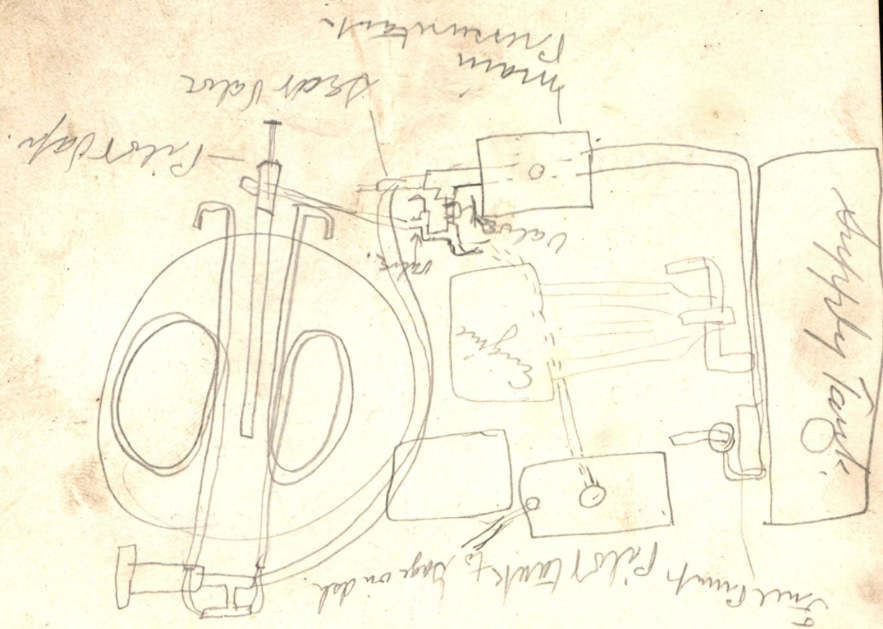

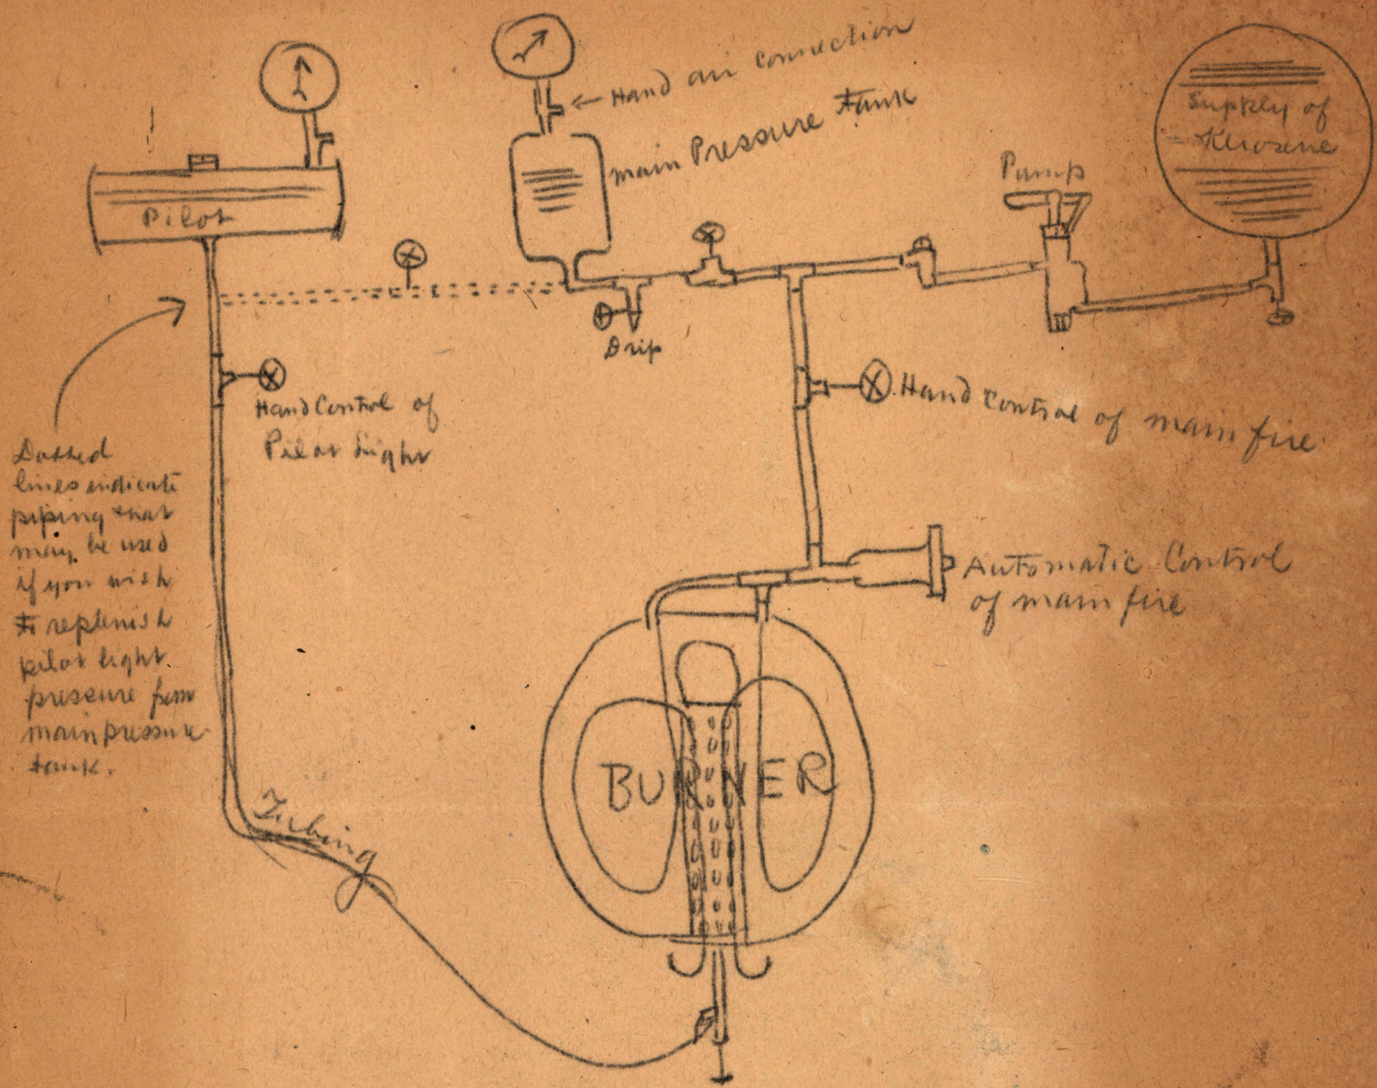

Drain off all the alcohol, pack in newspaper and send it by mail, as it will be cheaper than by express. We will return it to you same way. If we find the fault is with the lighter we will make no charge. If we find the lighter is all right, of course you will not object to standing the postage both ways.

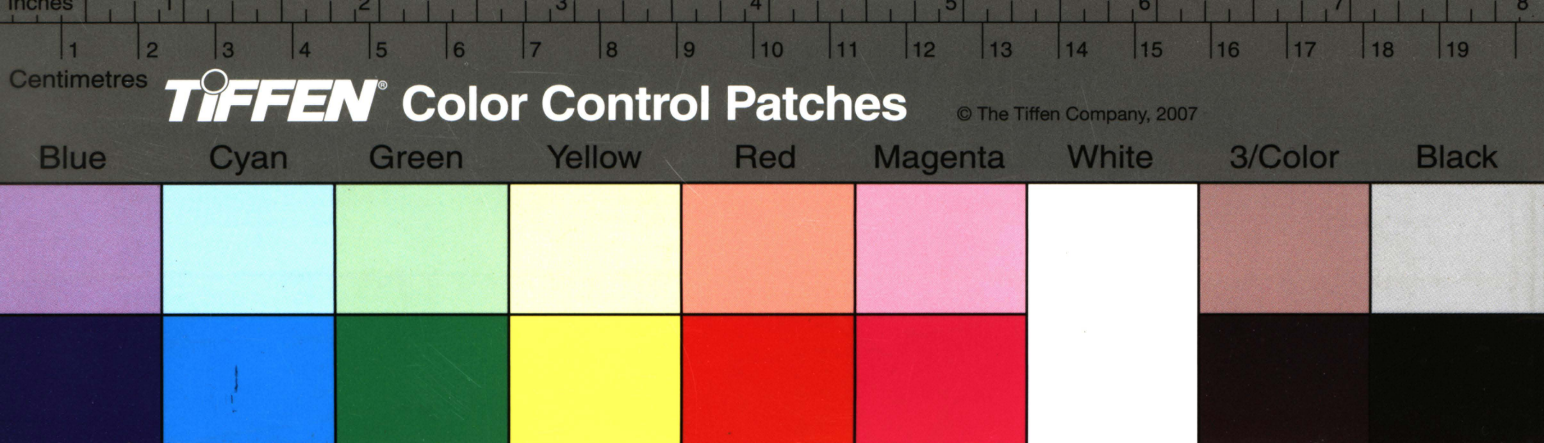

Awaiting receipt of lighter, we are

Very truly yours,

MELROSE AUTOMOBILE CO.

Melrose, Mass.,

Oct. 24,

1906.

Mr. A. H. Thompson,

West Groton, Mass.

Dear Sir:

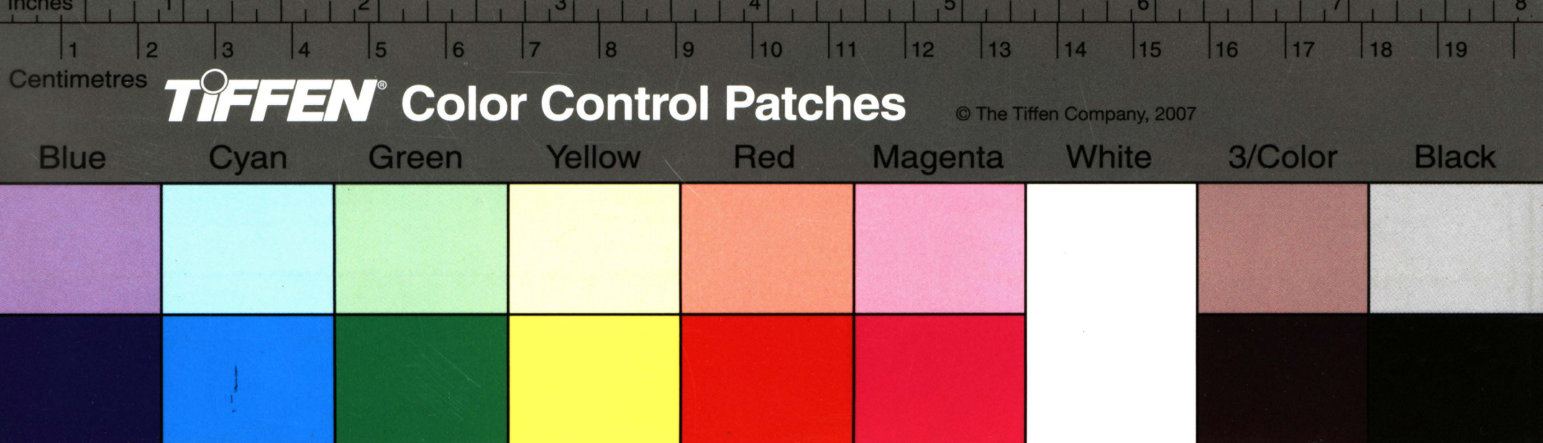

Your favor of Oct. 22nd has been received, and in reply would say that we can furnish you with a Stanley Water Indicator complete, for \$10.00. This indicator works with a float, and does not require a glass. The height of the water is indicated outside the carriage by a small wire, which rises and falls with the depth of the water in the boiler. This regulator is used on all the Stanley Cars, and we think gives general satisfaction.

Thanking you for your letter, and awaiting your further favors,
we are

Very truly yours,

MELROSE AUTOMOBILE COMPANY.

A large, elegant handwritten signature in cursive script, reading 'Frank Miller', with a long, sweeping underline.

Melrose, Mass., Oct. 30, 1906.

Mr. A. H. Thompson,
West Groton, Mass.

Dear Sir:

Your letter of Oct. 25th is received enclosing check for \$10.00, and ordering a Stanley Water Indicator, which will be shipped to you just as quickly as possible.

We note what you say with reference to fitting up a small run-about. We cannot say much about the boiler, but we can supply you with any burner you wish, 14" size and upwards. We do not believe you would want to put in a burner less than 14" in diameter.

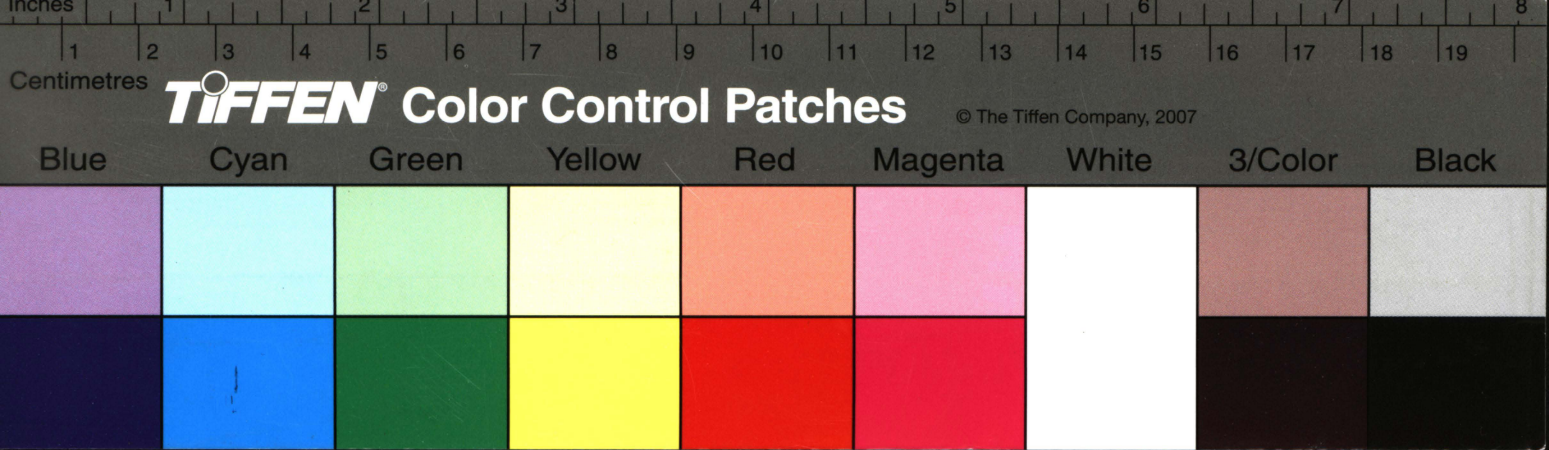

We can supply you with a 2 1/2 X 3 1/2 Locke Engine complete with water pump, which has never been used. This engine is one which is listed at \$82.50, and we can sell it to you for \$40.00. We believe it to be in perfect condition. We shall be glad to ship it to you f. o. b. at any time, with privilege of examination, if you will guarantee express charges both ways.

Thanking you for your letter, and awaiting your further favors,
we are

Very truly yours,

MELROSE AUTOMOBILE COMPANY.

Melrose, Mass.,

Aug. 7, 1907 190

A. H. Thompson,

West Groton, Mass.

Dear Sir, -

Yours of Aug. 5 recieved and will savvou had better renew
both main vaporizers. Theprice for the main vaporizer is \$1.00.
and the pilot \$1.50.

It does no harm to start your pilot as you do before turning
on your main fire. When you place the new vaporizers in your burner
you want to clean the main tips every day for a few days.we remain,

Yours truly,

Melrose Auto. Co.

J. N. Leach.
